As winter begins to loosen its grip and we move into Spring, we need to start thinking about networking opportunities and applying for jobs. For all of you graduating in May, let’s get a head-start on the job search process! We can help you with your resume, networking, branding, and interview techniques. Stop by our office, make an appointment, utilize the resources on our website, or use InterviewStream to practice your interview.

“Business Cards: Are They Important to Have While Networking?”

In order to help you master your interviewing skills, we have an online system called InterviewStream. Once you create your free account, you can select from standard interview questions as well as field specific questions, in order to hone your skills. In total there are over 7,000 questions available. InterviewStream allows you to record yourself participating in a mock interview: all you need is your laptop or computer with video capabilities to practice your interview skills. After your mock interview, you can critique your own performance or have a Career Counselor review your interview with you.

We have a lot of exciting things in store for 2015 so be sure to stay connected!
